Why we teach E Safety

- It is about behaviour.
- The right of the child to be safe.
- The responsibility of the child to respect the safety and wellbeing of others and the law.
- Crucially, responsibility for e-safety extends beyond the school gates and beyond the school day and includes parents and extended families. Anywhere where children have access to the technology. Many issues in school have arisen from pupils on social media/online gaming.

- Read with them often and explore different kinds of texts
