Pets and Vets

Next week we move on to learn about pets and vets! Our role play area will turn into a veterinary clinic, giving the children lots of opportunities for imaginative play.

We would love to see pictures of any pets that are important to the children - they might be pets in your home or in the home of relatives. **Please post these photographs on Seesaw** so that we can share them in class next week.

Key Worker Characters

The children are going to begin to bring home our Key Worker Character toys. We will choose one child from each Key Worker group to bring home their character each Friday.

We would like the children to take photographs of the things they get up to with their character over the weekend. This doesn't have to be anything elaborate - it might just been cuddles on the sofa, sharing a story or going to the park! **Please share these photographs on Seesaw.**

Key worker characters should then be returned to school on Monday morning. Thank you!

Paramedic visit

We were very excited to welcome paramedic, Mr Boateng, to school today! He brought his ambulance and spent time showing the children all the different equipment that he needs to use inside it.

The children listened beautifully and asked some super questions. Have a look at the gallery on the school website to see more photographs!
