Can you help?

We are in need of some junk modelling materials! We would really appreciate donations of cardboard boxes, yoghurt pots, egg cartons, milk bottles etc. Please ensure items are all washed and clean.

Run, run as fast as you can...

We have had a great time exploring the story, 'The Gingerbread Man' this week. Our favourite part has definitely been making our very own gingerbread men! The children looked closely at a recipe to find out which ingredients they needed and then very carefully followed the steps to make them. The finishing touch was added by using raisins for eyes and buttons! We hope that the children all enjoyed eating their gingerbread men at home!

Thank you to the families who shared photographs of their child helping to bake and cook at home - we have loved sharing these in school this week.

Lesson: EYFS

Class: Foundation Year: 2025 - 2026

The children have really enjoyed making their very own gingerbread men this week! They have helped to weigh out the ingredients, mix them together, roll the dough, cut out the gingerbread men and then decorate them. The best part was taking them home to eat...YUM!

Gallery

Don't forget to regularly check the gallery page on the school website! This week you can see a selection of photographs of our baking!
