## Dinosaur Dig

We have had a great time learning about dinosaurs this week! On Monday we discovered some eggs in a nest in our adventure area. We investigated which animals laid eggs to try and work out what they might be. We eventually decided that they were dinosaur eggs and set to work becoming **palaeontologists**.

The children have learnt some super new vocabulary this week, including:

- **Carnivore**
- **Herbivore**
- **Omnivore**
- **Extinct**
- **Fossil**

We have had lots of dinosaur themed activities out in our classroom and have used some excellent online resources.

Check out the virtual museum exhibition here:
