Eggs-citing Arrival

We have a special delivery arriving on Monday next week. We will be receiving an incubator full of eggs which will hopefully hatch over the course of the week! This is a wonderful experience for children to learn all about the life cycle of a chicken - building on our prior learning about life cycles of butterflies and frogs. Look out for photographs in our gallery next week!

On the Farm

We had an amazing time at Smithills Farm last week! The children all behaved beautifully and listened really well to our farm guides who showed us round the farm. We took part in so many fun activities and enjoyed meeting lots of animals We hope that you have enjoyed looking through the photographs on our school website gallery:

<https://www.sherwood.lancs.sch.uk/work/eyfs-visit-smithills-farm/102947>

The farm fun has continued back in the EYFS unit this week! We have We have even been milking cows and shearing sheep!

Money money money!

In our maths lessons next week we will be learning all about money. We will be talking about all of the different ways we can spend money, online and in shops. We will be talking about using cards, phones and watches as well as introducing all of the UK coins and notes.

It would be great if you could have discussions around money when you are out and about with your child. Can they help you to pay? Can they spot and read prices?

Please ensure your child understands that in the UK we use **pounds** and **pence** not dollars.
