Aspirational Me!

Our theme for the next couple of weeks is **'Aspirational Me'** where we are learning about all the different jobs you can do when you grow up. This week we have focused on the jobs that people do to help and look after us. We have learnt about **fire fighters, doctors, police officers, paramedics and life guards.** As part of our learning last week around keeping healthy we also learnt about **dentists**. The children have engaged in lots of role play and have learnt lots of new vocabulary.

Next week we will move on to explore lots of different jobs. We are going to read the story **'When I Grow Up I'd like to be...'** by Rob Biddulph. We are going to enhance our classroom with lots of different resources to explore different jobs that people do.

Happy Navratri

This week in RE, we explored the vibrant Hindu festival of **Navratri** which is happening right now! The children learnt that the festival is celebrated for 9 nights and that people wear bright clothes and enjoy lots of dancing. We enjoyed watching some Dandiya dancing and then had a go at doing some ourselves! The children did an amazing job of copying the different moves! We added some beautiful bright clothes to our home corner which the children thoroughly enjoyed dressing up in. We would like to wish all of our Hindu families a very happy Navratri!

Don't forget... it is non-uniform day next **Friday 23rd October.** Money raised will go towards our orchard project!

Donations

We are hoping to set up a tech tinker station in our classroom where children can take apart and explore old technology. We would really appreciate donations of any unwanted tech items e.g. remote controls, phones, computer keyboards etc. Thank you!
