

Courageous Advocacy

What is an advocate?

Who can you advocate for?

What will you do to make a small change in our world?

Who else do you know of that has made a difference and given hope to others?

As a school we are advocates. We give to charity.

Just giving money though isn't the most important part. It's about giving hope to someone and giving opportunities.

Crispus is a little boy who loves with his grandmother. His mum died when he was one. We are supporting him by funding his schooling so he can go to school and have a better future.

As a school we sponsor a well in Africa meaning people have clean water to drink from. This reduces the chance of them getting diseases and gives them a better life than they would have had.

We collect food at Harvest time to support charities around us. We distribute food to those who need it. We are so fortunate that we don't need to worry and can share what we have.
