

Moss Park Key Knowledge

- A high street is the main street in a town or city where many shops can be found
- There are three types of foods I can buy: fresh, frozen or fast food
- A farm is a piece of land used to grow crops and/or raise animals for produce
- We get milk from cows, eggs from chickens and meat from pigs, sheep, cows and chickens.
- Dairy farms produce milk from cows. On some farms, milk is used to make other things like cheese and yoghurt.
- My food comes from plants or animals

Growing food is hard work. Here is an allotment or garden where you can grow enough for one family. Large farms produce food for many people.

There are many types of food, such as fast, fresh, frozen and processed. Can you tell which is which?

We get food in lots of different ways. We can now order food right to our homes from a phone or computer!

5 words to remember

fast
food
fresh
frozen
processed
