

TATTENHALL PARK PRIMARY SCHOOL

Dear Tattenhall Park families,

Friday 6th March, 2026

A huge well done to our superstar netball team who came second this week. Miss Comish, Mrs Gibson, Mrs Hughes and Mr D were absolutely thrilled with their performance and are very excited for the rest of the season! Thank you so much to all the staff and parents who supported the event.

Headlice

Unfortunately, we have a few new school members who have joined several of our classes over the last few weeks - headlice! Having spoken to the school nurse, she recommends that you check your child's hair every night with a fine comb, tie long hair back and treat immediately to avoid the spread of head lice. It is important that all of our school community are super vigilant to eradicate them completely. We really appreciate your support with this. [Head lice and nits - NHS](#)

Date for your diary...

A new musical event is launching on 13th June at the Flacca, in Tattenhall. The 'Green Beats' Festival, has been created by local community members to bring together, engage and inspire the community of Tattenhall through a blend of live music and the arts. It will also showcase sustainability initiatives and achievements happening in and around Tattenhall. Our school choir have been invited to sing at the event and there will be lots of exciting bands to listen to and exhibitors to meet. You can discover more here...

STIKINS[®] SCHOOL NAME LABELS FOR CLOTHES

<https://www.stikins.co.uk>

If you are looking for new labels for your clothing and school items. Our wonderful PTFA has recommended that you use Stikins. If you order direct from them, and quote our schools fundraising number 22861 when purchasing, the school receives a 30% commission on the order. They add up all the commissions and then once a year, they will issue a cheque for the amount raised (providing we have raised over £25).

Don't forget to book your flight...

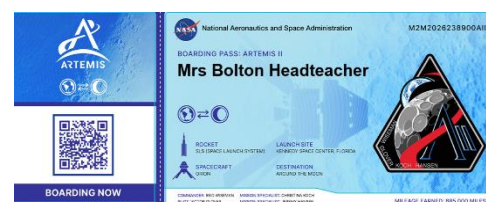

On Friday, the children launched National Science Week with a look at the Artemis II flight in a live stream with NASA.

In early March, four astronauts will fly around the Moon and back on Artemis II, the first crewed flight under NASA's Artemis campaign. This is the first crewed NASA mission to fly around the Moon since 1972. NASA have said that this flight is another step toward crewed missions to the lunar surface and will help NASA prepare for future astronaut missions to Mars. We will be finding out more about the mission in assembly at school.

We have discovered that children (and adults) can 'send their name around the Moon' by registering on the site below. You only have to give your name and create a PIN number- you do not need to give any personal details or emails, unless you want to follow the mission. It will create special boarding pass for the mission for you. We thought some of our children (and parents) may like to have the chance to be a virtual part of this historic mission!

Submitted names will be included on an SD card that will fly inside Orion when the Artemis II mission launches in March.

[NASA Artemis II | Send Your Name to Space](https://www.nasa.gov/missions/artemis/submit-name)

Key Dates Spring and Summer Term 2026

Spring Term 2

Friday 20th March- Year 5 Science and Industry Museum visit

Friday 27th March- PTFA Easter Bingo 5.30pm

Tuesday 31st March- Parents Evening
