

TATTENHALL PARK PRIMARY SCHOOL

Dear Tattenhall Park families,

Friday 13th March, 2026

We have had a week of spectacular science to celebrate British Science Week. Teachers have created opportunities to complete the Primary Science Teaching Trust TAPS experiments and have engaged with national science live streams for coding. Our Year 3,4,5 and 6 children were amazing ambassadors at the Heber Science Festival and we were delighted to receive a second and third prize in Year 4. We were incredibly proud of the high level of scientific understanding shown in all the children's project work at this event and are very grateful to the parents who supported each group with their wonderful ideas. Thank you to Miss Foreman and Mrs Downes for all their organisation of the week's events.

Hands on fun...

Later in the week, the children also had an amazing opportunity to explore a wide range of 'hands on' science with Year 5, who filled our TASC room with a wide range of fascinating scientific discoveries to share with every year group.

Delightful Daffodils...

Year 6 ended the week with a golden initiative... a 'pop up' florist at the school gates! Thank you to families and teachers who donated flowers from their gardens and to our Year 6 entrepreneurs and their business coaches; Miss Comish, Mrs Roberts and Miss Rodgers, for creating a little moment of floral magic at the end of a very busy week.

Handball superstars...

Our handball team had a very successful tournament on Thursday night, reaching the semi-finals. A big thank you to Mr D, Miss Comish, Mrs Rodgers for coaching the team and to all the parents for transporting children and cheering them on.

Have a super weekend, Mrs Bolton

Key Dates Spring and Summer Term 2026
