

Career Assignment: Haematology

Task One: Blood work!

We looked at blood earlier this year! Can you remember the four things which make up blood?

- 1.
- 2.
- 3.
- 4.

Task Two: Blood groups

*Even though our blood is made of the same things there are different **types**.*

1. *What different blood types are there?*
2. *Do you know what type **you** are? What about your family?*
3. *What type of blood can be given to anyone?*
