Science	Knowledge	Materials: I can compare materials according to their properties. I can investigate thermal conductors and insulators. I can investigate which electrical conductors make a bulb shine brightest. I can investigate materials which will dissolve. I can use different processes to separate mixtures of materials. I can identify and explain irreversible chemical changes.	Earth and Space: Describe the movement of the Earth, and other planets, relative to the Sun in the solar system. Describe the movement of the Moon relative to the Earth. Describe the Sun, Earth and Moon as approximately spherical bodies. Use the idea of the Earth's rotation to explain day and night and the apparent movement of the sun across the sky.	Forces: Forces and Magnets: Compare how things move on different surfaces. Notice that some forces need contact between two objects, but magnetic forces can act at a distance I can identify forces acting on objects. explore the effect gravity has on objects and how gravity was discovered. I can investigate the effects of air resistance. I can explore the effects of water resistance. I can investigate the effects of friction. I can explore and design mechanisms.	All Living Things: Describe the life process of reproduction in some plants and animals. Describe the differences in the life cycles of a mammal, an amphibian, an insect and a bird.	Animals Including Humans Describe the changes as age. I can describe the stage I can explain how babies I can present data. I can describe and exploitat occur during puberty. 	Skills	Plan different types of scientific enquiries to answer questions, including recognising and controlling variables where necessary. Take measurements, using a range of scientific equipment, with increasing accuracy and precision, taking repeat readings when appropriate. Record data and results of increasing complexity using scientific diagrams and labels, classification keys, tables, scatter graphs, bar and line graphs. Use test results to make predictions to set up further comparative and fair tests. Report and present findings from enquiries, including conclusions, causal relationships and explanations of and degree of trust in results, in oral and written forms such as displays and other presentations. Identify scientific evidence that has been used to support or refute ideas or arguments.

I can identify some different types of biblical texts, using technical terms accurately. I can explain connections between biblical texts and Christian ideas of God. using theological terms. I can make clear connections between Bible texts studied and what Christians believe about God. I can show how Christians put their beliefs into practice in worship. I can weigh up how biblical ideas and teachings about about God as holy and loving might make a difference in the world today, developing insights of their own

I can explain the place of Incarnation and Messiah within the 'big story' of the Bible. I can identify Gospel and prophecy texts, using technical terms. I can explain connections between biblical texts. Incarnation and Messiah, using theological terms. I can show how Christians put their beliefs about Jesus' Incarnation into practice in different ways in celebrating Christmas. I can comment on how the idea that Jesus is the Messiah makes sense in the wider story of the Bible. I can weigh up how far the idea that Jesus is the Messiah — a Saviour from God — is important in the world today and, if it is true, what difference that might make in people's lives.

I can explain connections between the story of Moses and the concepts of freedom and salvation, using theological terms. I can make clear connections between Bible texts studied and what Christians believe about being the People of God and how they should behave. I can explain ways in which some Christians put their beliefs into practice by trying to bring freedom to others. I can identify ideas about freedom and justice arising from their study of Bible texts and comment on how far these are helpful or inspiring, justifying their responses.

I can outline the timeline of the 'big story' of the Bible, explaining how Incarnation and Salvation fit within it. I can explain what Christians mean when they say that Jesus' death was a sacrifice. using theological terms. I can suggest meanings for narratives of Jesus' death/resurrection. comparing their ideas with ways in which Christians interpret these texts. I can make clear connections between the Christian belief in Jesus' death as a sacrifice and how Christians celebrate Holv Communion/Lord's Supper.

I can make connections between Muslim practice of the Five Pillars and their beliefs about God and the Prophet Muhamad. I can give examples of how each pillar might affect the life of a Muslim. I can make connections between the key functions of the mosque and the beliefs of Muslims. I can describe the forms of guidance a Muslim uses and compare them to forms of guidance I experience. I can comment thoughtfully on the value and purpose of religious practices and rituals in a Muslim's daily life.

I can make connections between Jewish practice, teachings from the Torah and their beliefs about God. I can give examples of Jewish festivals and describe how they impact Jewish people today. I can explain the meaning and significance of Jewish rituals and practices. I can comment thoughtfully on how the role of women varies within Judaism I can answer the key question from different perspectives. including my own
