Your task

Write the scene of Jub and the old woman, integrating dialogue to advance the action and punctuating dialogue between the characters accurately.

"Hello my small dearie," smiled the witch.

The terrified six fingered girl jumped in fear as a haggard old woman cackled in her face.

"What's in that strange small hand of yours?"

"Please may I get past?" Jub asked nervously.

Out of no where the old lady pushed Jub aggressively, showing ~~no~~ mercy. The shaggy old lady grabbed the sack not knowing what's in it, the lady ran away smirking.
