

Thursday 8th January

Your task

Write a fact file about Antarctica using information gathered so far.

~~Antart~~ Antarctica!

Antarctica is one of the coldest recorded places in the world, want to find out more? Dare to read on.

Where is it in the world?

Antarctica is very cold but ever wondered where it is? Antarctica is very far away from the equator. It is in the southern hemisphere. ^{Antarctica is} Directly on the pole of the southern pole. Antarctica is $1\frac{1}{2}$ times the size of ~~America~~ America.

Weather

Antarctica is very cold -24°C at minimum, but it's ^{very} ~~is~~ ~~island~~ strange that it feels -34°C . You might think Antarctica is snow all around place but ~~NO~~ ~~IS~~! Actually it's classed as a desert! Because it's just too dry there's hardly no snow and ~~is~~ it's dry, dry, Dry, DRY, it's just ICE! The only time place that snows everyday are the edges.

Wild life

Penguins, penguins are wonderful creatures on the antarctic plane they live in packs but not normal packs the packs can be outrageously big! Up to thousands and 1000s of pengu
