Dover Kent Custom

Dear Mrs Dey,

We should learn all about black britons history, because we have lots of different cultures in our school and we should all be represented. Black history is so intresting like Elleuor Benjamen changed the a big part of our life's that could still be going on right now!

So many people have changed our life's its quite intresting if you think about it. All we learn about is your history which is really boring and best history is Ruby Sun.

So I say let's learn ~~Black~~ BLACK history!
