

# Curriculum Map Sycamore Class Summer Term 2026

## English

In English this term, we will be looking at instructions. The children will learn how to plant a sunflower seed, look at the instructions and then write them to present to other in school. We are also learning about explorers and will learn about Amelia Earhart.

## Deaf Studies

This term, Sycamore class will be taking part in deaf awareness week and visiting Euxton St Mary's School teaching a Year 3 class about deaf awareness. During this visit they will present to the class with support from the teachers, teach fingerspelling and some signs. They will also get time to socialise at playtime and lunchtime.

## The Sycamores

## Computing

In Computing, we will be exploring information technology and how to use simple spreadsheets to collate information. We will also begin to look at simple coding activities on purple mash.

## R.E

The children this term, will learn about Hinduism, looking at Hindi's beliefs, religious stories such as the blind man and the elephant.

## History/Geography

In History, we will continue to look at explorers and the job they do. We will research Amelia Earhart and why she was an important role model. The children have enjoyed setting up an explorer's tent!

In Geography we will be looking at the 7 continents and 5 oceans whilst using maps, atlases and globes.

## Art & Design/DT

In D & T, the children will explore how birdhouses are made, explore different materials and then use different tools to create their own birdhouse that will be used in school within our school grounds.

In Art, we are exploring sculptures and looking at Louise Bourgeois and spider as a sculpture.

## Maths

In Maths, the children are focusing on time, position & direction, addition & subtraction as well as multiplication and division (2's, 5's and 10's).
