## Why I love my subject:

As a Catholic School, all that we do is centered around Gospel values. The subjects I lead give you the opportunity to explore scripture and how it relates to our lives, helping us to develop our own response and reflect personally.

## My favourite interesting fact:

Every time we go to mass we are remembering something that a group of friends did over 2000 years ago!

## My subject gets us ready for life by:

Giving children the skills to spend time in quiet reflection or prayer can be a real positive for our own well being.

## What will you learn in my subject?

You will explore scripture and think about how this relates to what we believe as Christians, how we act and how this relates to our global neighbours no matter what religion they follow. This helps to shape who we are as people and how we can be a global citizen; being a member of the community in which we live and the wider world; taking care of all of God's creations.
