

# Falcons Class

Summer Term 2026

## Welcome

The Falcons class team consists of:

**Teacher:** Tom Livingston

**Teaching Assistants:** Emma Spragg (TA3), Elaine Ford (TA1) Leanne Goddard (TA1)

**Cover Teaching Assistants:**

Alex Pearce

## The Natural World

The topic this term is the Natural world. Throughout the term we will be looking into different animals and the habitats they live in. During the term the Falcons will be looking to develop an understanding about how to respect and care for the natural environment and all its living things. In Science we will be looking at identifying if something is alive, dead or was once alive and taking a look at food chains.

## Class fund, snack and water

We have a class fund which supports snack, cooking and any other items we may need for class. We are asking for a contribution of £1 a week to the class fund. A range of healthy snacks are offered to the children every morning including raisins, toast crackers and cereal. Please inform the Falcons team of any dietary requirements. We also have class water bottles for the children to access throughout the day. These bottles are refilled regularly with fresh water ensuring all children are hydrated.

## Communication

We use home school diaries to communicate about your child's day and you can use this book to communicate back to the class team. Feel free to write anything that you feel might impact their day at school or anything else that is important for us to know E.g./Sleep, eating etc. Please also feel free to personal message myself on Dojo if you have any worries or concerns

You can also speak to us by calling the school on 0161 359 5322. If we are not available, you can leave a message or ask us to call you back.

You can contact me on the email address below

[T.livingston@ashgate.manchester.sch.uk](mailto:T.livingston@ashgate.manchester.sch.uk)

## Forest Schools

Every Tuesday afternoon the Falcons will take part in a forest school session lead by myself (Tom Class Teacher). I am a fully trained Forest School Lead and will look to link sessions with the class topic and also build confidence as well as independence. The children will be in the forest in all weather conditions so if you could send a set of wellies and waterproofs that would be great.

## Shadow Dance with Lucy

This term the Falcons will be having Shadow Dance sessions in the school hall with Lucy on a Thursday afternoon. These sessions will give the pupils the opportunity to explore movement and promote creativity through dance.
