

Year 6 Computing: Communicating Text and Images				
Crucial Knowledge & Skills- Using Google Documents		Key Concepts	Other Key Vocabulary	
Simple	Simple logos are the ones people can recognize as soon as they see them. • Few words • Bold Text • Strong colours	Creating Media 	A vector drawing is a picture made using shapes and lines that can be changed in size without losing quality.	
			Drawing tools in a drawing app that help you make shapes, draw lines, colour things, and more.	
Scalable	A great logo should be simple enough to be able to be scaled down or up and still look good. • Vector graphics	Design and Development 	To duplicate or copy means to make an exact same version of something so you can use it again. To duplicate means to make a copy of something that looks exactly the same.	
Memorable/Impactful	If people cannot remember it, the logo has not done its job!	Computing Systems & Networks 	To align means to line things up nicely, like putting shapes in a straight row or column. To resize means to make something bigger or smaller. To modify means to change something, like moving it, changing its colour, or making it a different shape.	
Versatile	It can be used on poster, packaging or digitally and still work well. • Clear contrast between text and background	Impact of Technology 	Layers are like clear sheets stacked on top of each other. You can draw on one layer without messing up the others. Order is about what goes on top or underneath when pictures or shapes	
Relevant	Make people think of the product that they are linked to. • Clear pictures • Repeating pictures • Clear tag line	Safety and Security 	To group means to stick things together so they move or change as one. To ungroup means to take things apart so you can work on each one separately.	Keyboard Shortcuts Ctrl C Copy Ctrl V Paste Ctrl Z Undo
