

Sutton Oak CE Primary School – Accessibility Plan 2025-27

Introduction

The Equality Act 2010 replaced previous discrimination law and provides a single piece of legislation covering all the types of discrimination that are unlawful.

Schools have to carry out accessibility planning for disabled pupils. Our school's

accessibility plans are aimed at:

- Increasing the extent to which disabled pupils can participate in the curriculum
- Improving the physical environment of schools to enable disabled pupils to take better advantage of education, benefits, facilities and services provided, and
- Improving the availability of accessible information to disabled pupils

Attached is a set of action plans showing how the school will address the priorities identified in the plan. We recognise the need to provide adequate resources for implementing the action plans and will review them annually.

Definition of Disability:

Disability is defined by the Disability Discrimination Act 1995 (DDA):

‘A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities.’

The definition of disability under the law is a wide one. The definition includes people with a hearing or visual impairment, cerebral palsy, muscular dystrophy, mental health issues and incontinence. People with ADHD, Autistic Spectrum Disorder, Downs Syndrome and Hydrocephalus are included. Medical conditions such as cystic fibrosis, severe asthma, diabetes, cancer, multiple sclerosis, epilepsy, sickle cell anemia and HIV are deemed disabilities. Facial disfigurement, severe dyslexia, gross obesity and diagnosed eating disorders are all included.

The school recognises its duty under the DDA (as amended by the SENDA):

- not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- not to treat disabled pupils less favourably
- to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- to publish an Accessibility Plan.

The purpose and direction of the school's plan: vision and values

The Bible tells us that we are all children of God. We believe that every child is known and loved by God and that every member of our school community should be respected. Our school is committed to giving all of our children every opportunity to achieve the highest of standards. We do this by taking account of pupils' varied life experiences and needs. We offer a broad and balanced curriculum and have high expectations for all children. The achievements, attitudes and well-being of all our children matter. Sutton Oak CE Primary School promotes the individuality of all our children, irrespective of ethnicity, attainment, age, disability, gender or background.

Our school aims to be an inclusive school. We actively seek to remove the barriers to learning and participation that can hinder or exclude individual pupils, or groups of pupils. Pupils with disabilities are fully included in the life of the school. They participate fully in the curriculum and are fully involved in school visits. They access all areas of the school building. They attend a range of after-school clubs.

Information from pupil data

In order to prepare for pupils' needs we use a variety of sources to gather information about pupils, prior to their starting our school, whether they start in Nursery or join us later in their school life. We meet with parents, either in school or in the home, as well as liaising with other schools / settings, and with other professionals. We currently have children with the following:

- asthma
- eczema
- physical impairment
- epilepsy
- complex learning difficulties
- ADHD
- ASD
- Allergies
- Hearing Impairment
- Downs Syndrome
- Cerebral Palsy

This list is not exhaustive and can change as new children join us or develop any conditions which would mean that we had to make reasonable adjustments.

Views of those consulted during the development of the plan

For those children who either have an SSP we invite parents formally each term to discuss the progress of children academically and socially. No issues have been raised during recent consultations.

Annually, we meet parents of children with Health Care Plans to review the Health Care Plan and the associated support. We review and refine our practice accordingly.
