Christmas at Cavendish!

A huge thanks again to the year 5/6 choir! Last week, Mr Lee and the choir visited the Christie Hospital and Brocklehurst Care Home to spread a little festive joy around the local community. All the choir and Mr Lee do an amazing job representing our school, and we're very proud of each and every one of them!

Community Cavendish

Thank you for your generous food bank donations.

Our school councillors helped Perry's Pantry load up the van.

This will be appreciated by those in need within the local community this holiday.

Cavendish PTA

The PTA are happy to announce that the Christmas Event last week was a festive treat for all and raised a total profit of £1228.26! Thank you to all who came along and to everyone who helped with setup, running the event and for tidying up at the end. Have a wonderful and peaceful Christmas and all the best for the New Year. Online Safety Guidance for Parents

Gaming

Gaming is fun but be aware that it can be all consuming. Some things to consider:

- Use the gaming consoles' safety settings
- Agree with your child how much time they can spend playing online
- Pay attention to the PEGI (age) ratings and what they mean
- Remember that some online games have inbuilt chat functions
- Be aware that your child might use servers or 3rd party applications to access interactive online communities.

Bullying

Remember, it's not the technology that's the problem, it's the bullies' behaviour. Support young people by:

- Talking about bullying issues
- Making sure young people know that they can turn to you for support
- Reporting any incidents - it will help your child and others too.

Live Streaming

Broadcasting online brings an instant thrill that can be addictive. Encourage young people to think about:

- Body image - talk to them about how they want to be perceived online and who their audience might be
- Privacy - how do they protect it? You can't edit something that is going out 'live'
- Age appropriate - is the site they're using appropriate for them? Most social media sites are aimed at 13 year olds and upwards. If not, is there a way to make it safer for them (e.g. YouTube Kids).
