class

### FREE CHOICE

It's always important to have some freedom in what you do...

If you have been learning about something really exciting in school and want to do some further research or produce a piece of work about it, then that would be fantastic!

Make sure you share it with your teachers and class mates.

You could choose one activity per week from the grid below. Be as creative as you can and show off your uniqueness!

### PSHE - What helps us to stay safe?

Design your own road safety sign to help children stay safe. Label what it means.

Example ideas:

- "Stop and Look"
- "Slow Down"
- "Children Crossing"

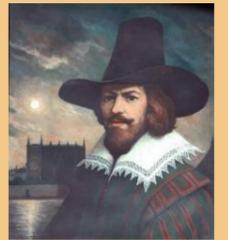

### History - Parliament and Guy Fawkes

Design a wanted poster for Guy Fawkes.

Draw and write about what he looks like.

Include expanded noun phrases (determiner, adjective, adjective, noun) in your description.

### Science - Animals including humans

We are going to be learning about a balanced diet, the food groups, and which food we should have more/less of.

Design a healthy meal or create a poster about food.

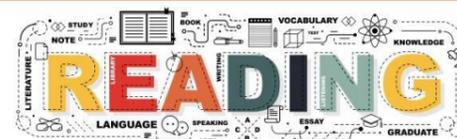

### Computing - Information Technology

#### Pictograms

Create a pictogram that shows "Our favourite fruit at home". Ask everyone at home what their favourite fruit is out of the following - apple, banana, orange or strawberry - then, create a pictogram to show the results.

For those children accessing phonics, please read the story green words, speedy green words and red words (from the book) daily.

At St John's, we learn to read so that we can read to learn!

Spend 20 minutes reading each day and your mind will be forever thankful. This could be independently, with a family member or friend, or even reading to your pet at home! All reading is good reading.

Find a calm and peaceful place, a book you love and transport yourself to another world.

You could take a photo of yourself reading or write a book review once you have finished - your teacher would love to see it!

Practise counting in 2s, 5s and 10s.

Go on the 'White Rose 1-minute Maths' app to practise your number fluency. Please practise your number bonds to 20 and addition and subtraction facts within 100.

We are also learning to tell the time to o'clock, half past, quarter past and quarter to.

Please see class pages (on the website) for this half term's Knowledge Organisers to share at home.
