

Name Writing

Practice writing the letters in your name correctly. Can you rainbow write your name? Can you write your second name?

Challenge: Can you create your name in a different way? Be as creative as you can. E.g. Using stickers, collecting objects outside to create the letters, using playdough.

Free Choice

It's always important to have some freedom in what you do...

If you have been learning about something really exciting in school and want to produce a piece of work about it, then that would be fantastic!

Make sure you share it with your teachers on Class Dojo.

Phonics

Use your phonics skills to help your grown up write a shopping list.

Practice reading and writing red words that you have been learning at school.

Go on a walk in your garden or local area. Use your phonics to help you write a list or a sentence of what you have seen.

FS2 Homework Menu: Summer 2 – Fun at the Seaside

Choose one activity per week from the grid below. Be as creative as you can and show off your uniqueness!

<p>Pirate's Treasure</p> <p>Make your own treasure map – can it show land, an x, sea and a bridge?</p>	<p>Counting to 20 Games</p> <p>Practice counting to 20:</p> <ul style="list-style-type: none">• Throw and catch a ball 20 times.• Do 20 star jumps.• Play hide and seek and count to 20 when the others hide. <p>Can you think of another way of practicing counting to 20?</p>	<p>Lighthouses and Lifeboats Facts</p> <p>What can you find out about Lighthouses or Lifeboats?</p> <p>Write down facts you know or have found out about them.</p>

At St John's, we learn to read so that we can read to learn!

Spend 10 minutes sharing a story with your child each day. This could be a favourite book, a school book or a bedtime story. Talk to your child about the pictures in the book, the characters, what might happen next in the story, sounds and words they recognise.

Could they draw a picture of their favourite part?

Maths is all around us!

- Count in different ways; clapping, jumping, steps, objects, number songs.
- Baking; measuring ingredients, recognising numbers, comparing weight.
- Can you recall number facts, including doubles up to 5 and number bonds to 10?
