A SPECIALIST IN PRIMARY DT/STEM

🔗 THE MAGNETIC CHALLENGE! 🔗

7-Week After-School Design & Engineering Club at Penistone St John's

Is your child ready to master the invisible forces of science? Do they love to design, build, and test their own creations?

This term, Hepp DT is heading to Penistone St John's Primary School for an extended 7-week journey into the world of magnetism and creative engineering! We are challenging students to design and construct their very own **Magnetic Skill Game** from scratch.

🔧 What's the Game Plan?

Over seven action-packed weeks, your child will become a Product Designer and Mechanical Engineer. Using real tools and high-quality materials, they will:

- **Master Magnetism:** Explore the "invisible pull." How do poles attract and repel? We'll learn how to harness magnetic force to create movement and interaction within a game.
- **Build the Foundation:** Use wood and card to construct a sturdy, professional-looking game base. They'll learn about structural integrity, sawing, and precision measurement.
- **Design for Play:** Every great game needs a goal! Children will create their own unique "catch" or "target" mechanics, choosing exactly how players interact with the magnetic forces to win.
- **Refine & Test:** With an extra week, we have more time to prototype, tweak, and perfect the mechanics to ensure the game works flawlessly!

🏆 THE ULTIMATE TEST: WILL YOU SCORE?

The club wraps up with the **Hepp DT Arcade!** Students will showcase their finished products and challenge their peers. Is the magnetic pull strong enough? Is the game balanced? Will your child's creation be the top-scoring hit of the term?

🌟 Why Hepp DT?

At Hepp DT, we turn "static" learning into "active" doing. Our sessions encourage children to think critically, solve design flaws on the fly, and take home a high-quality, working game they can be proud of.

Yes—every child takes their finished Magnetic Game home at the end of the 7 weeks!

📍 The Details:

- **Where:** Penistone St John's Primary School
- **When:** Tuesday
- **Time:** 3.20-4.20pm
- **Duration:** 7 Weeks (starting Tuesday 2nd June)
- **Who:** Open to Years 2-6

Limited Spaces Available!

Don't let the opportunity slip away—secure your child's place today!
