

Art Long Term Plan

Kapow Primary's Art and design scheme of work aims to nurture pupils' creativity, imagination and visual literacy, encouraging them to think like artists and designers. The intention is for pupils to develop the confidence to experiment, express ideas and communicate meaning through visual and tactile media.

The scheme promotes an appreciation of art as a powerful form of human expression, helping pupils to understand its role across different cultures, time periods and creative industries. It encourages children to value originality, take creative risks and reflect critically on their own work and that of others.

We have ensured that all 4 substantive themes (drawing, painting, sculpture and other art, craft and design techniques) have equity of coverage within the curriculum offer. The children will develop their skills and mastery within each theme through a sequential curriculum offer that builds over time. Throughout the curriculum, children will be exposed to great artists and designers from history and develop their own ownership of art through developing their sketchbook skills of recording, observing and evaluating. These elements are threaded through every unit to ensure coverage of this.
