Green Flag Award, 2025

Burrows CofE Primary School

Award Level: Distinction

Focus topics:

Your greatest overall success:

Burrows CofE Primary School's greatest achievement this year has been successfully engaging the entire school community and local partners in the Action Plan initiatives. This collaborative approach fostered a strong sense of environmental responsibility across all age groups and amplified the impact of the projects.

We also loved...

- Partnerships with organizations such as Waterloo Action, Waterloo Allotment, the Mayor's Green Summit, and MEEN Conference contributed to a wider reach and shared knowledge on sustainability. Receiving the Green Grant for a reusable pop-up shop further supported waste reduction efforts.
- Family involvement in weekend events and national environmental campaigns, as well as students' commitment to maintaining a clean school environment, demonstrated the school's dedication to extending sustainable practices beyond the classroom. The widespread adoption of reusable water bottles notably reduced single-use plastic waste.
- You have demonstrated creativity in creating a clever and unique Eco-Code! We love the acrostic poem used to spell out the word 'Respect'! We hope it provides much encouragement to next year's Eco-Committee!
- It was great to see that young people wrote a letter to Angela Rayner following a Picture News Collective Worship session, while a Year 6 student reached out to the local council via email. Additionally the school invited their local MP to join a 'Great British Spring Clean' event. This engagement showcased the students' dedication to addressing environmental concerns at both local and policy levels, emphasizing the importance of collaborative action in fostering sustainable change.

Next year, why not try...

Your application has truly impressed our team. You've changed behaviours, inspired others, and made a significant impact. Our only advice is to continue building on your wonderful achievements next year. Great work!
