Our science topic this half term is materials. As scientists, we will...

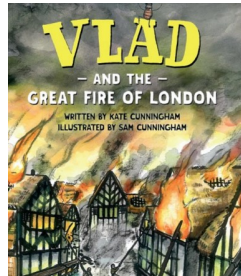

- Explore different materials and learn scientific vocabulary to describe their properties.
- Learn about absorbency and explore materials that do/ do not absorb liquids

READING and WRITING

As readers, we will...

- Use knowledge of phase 3 and phase 5 sounds to read words and sentences, fluently.
- Explore exciting vocabulary linked to the text.
- Develop retrieval skills to answer questions about what has been read.

Our core text is...

As writers, we will...

- Use role play and drama techniques to act out key events and then generate our own sentences to write a historic recount.
- Use knowledge of phase 3/ 5 sounds, year 1 and 2 common exception words, adjectives and verbs to write sentences.
- Learn about how to write a letter.

HISTORY

As Historians, we will

- Learn key facts about the Great Fire of London.
- We will sequence key historical events in chronological order.
- Look at primary and secondary sources to find out information.
- Compare London in 1666 to present day.

DESIGN TECHNOLOGY

As Designers, we will

- Experiment with how we can use different levers and pulleys to create a moving image.
- Design a picture, identifying what tools and materials we will need to create a picture and model.

COMPUTING

In computing, we will...

- Learn how to keep ourselves safe online.
- Continue to navigate around a range of APPS.
- Use the internet to research historical facts

PHYSICAL EDUCATION

In P.E, we will...

- Learn how to play co-operatively in team games.
- Explore different feelings using music as a stimulus.
- Perform a movement phrase that il-

P.S.H.E

In P.S.H.E, we will...

- Celebrate differences.
- Learn how to use kind words.
- Learn how to give and receive compliments.
- Learn to help classmates when they feel sad.

MUSIC

As musicians, we will...

- Move to the pulse of a piece of music.
- Sing 2 note phrases and speak chants and rhymes during our weekly singing assemblies.
