27th MARCH

WELCOME

It's the last newsletter of the spring term and it is packed! Science week saw lots of experiments happening across the school, some KS1 children hit it for six and our infants had a lovely time reading with a real life author. We also include links to lots of fun activities for the holidays alongside all our usual notices, reminders and updates. Also, as we won't get a chance to say this next week, we hope all of our families celebrating over the holidays a happy Easter filled with peace.

SCIENCE WEEK

What an engaging and exciting time the children (and adults) had on Monday with the Spark2 science workshops. Lots was learned about the 'magic' of science through experiments and interaction. Many thanks to the PTA for funding this visit. Early years were not left out of the joy and were immersed in bubble themed activities, including giant bubbles! Across the school enquiries and experiments have been seen from ladybird discoveries, exploring how plants absorb water to photosynthesis experiments and aerodynamics.

AUTHOR VISIT

This week Early Years welcomed the award winning children's author Sophy Henn into school. Sophy read and shared the illustrations from her amazing books 'I Want Everything' and 'I Hate Everything'. She answered some amazing questions about being a writer and even autographed some of her books.

A FESTIVAL OF CRICKET

On Thursday twenty Y2 children attended an amazing cricket event, where they got the opportunity to develop both their batting and bowling skills. Everyone had a great time and performed superbly - England's men could do with your help at the moment! Thanks also to the lovely parents who helped us walk to the event.

REMINDERS

Easter Holiday - Remember it's a short week next week. School closes on **Weds 1st April** and re-opens on **Thursday 16th**.

Uniform - The perennial plea; please put your child's name in any new uniform or PE kit they get over Easter. Also please remember all children are required to wear school shoes and trainers /plimsolls should only be worn for PE.

Calendar Update - Please check the calendar for next week as some clubs may not be running in the final week of term. Also there is no swimming for 3BW because of the Y3 performance!

School Dinners - Remember to still use Evolve when making your child's meal selections for the first week back. A reminder email will go out but it may be easier to order before we break up.

LET US EAT CAKE

Your wonderful PTA are holding a bake sale after school next Wednesday. Celebrate the end of term with a cupcake or two - all funds are used by the PTA to support extra curricular activities and equipment for all year groups across the school.

HAVE YOU A HOARDER?

Unfortunately, we've had a number of reports that key chains have gone missing from lunch boxes and bags. Not only are these fun decorations but they often help younger children identify which bags or lunches are theirs. - so losing them can be a disaster! Could we ask that you have a quick chat at home about the importance of not taking things that aren't yours and the impact that doing this has on others? And if you do come across any key chains that aren't yours just pop them back into school and we'll look to reunite them with their owners. Thank you.

EVENTS

EGGCITING FUN!

Looking for some fun events and activities over Easter? Well look no further. Combine science and Easter by visiting one of these three special places.

RHS Garden Bridgewater: Become an Easter detective and help rescue the Easter Bunny
Eureka, Halifax: Explore the wild, wonderful world of weather!

Jodrell Bank: Spring into space - out-of-this-world Easter adventures.

Staying at home? Explore [Science Sparks](#) website and find some super science STEM experiments.

...AND EVEN MORE FUN

Check out Trafford's '[Easter Holiday Page](#)' for free activities, holiday clubs, days out, SEND what's on, practical crisis support and mental health and wellbeing support.

A TREE FOR THE EARTH

As part of the school's contribution to support World Earth Day, we are looking to buy a crab apple tree which is a perfect pollinator to attract bees. If you would be willing to contribute £1 towards its purchases and forever admire what you helped to buy, this would be so kind. Just pass any donations to your class teacher.

MUSICIAN OF THE MONTH - TAKE THAT

Take That returned to the music world in 2005, releasing their comeback album, Beautiful World, in 2006 and in 2010, Robbie rejoined the band. They went on the "Progress Live" tour in 2011 but after this took a break - Gary became a judge on the X Factor and Howard also became a judged the German dance 'Got To Dance'.
