

Science

Sound

- How sounds are made and how we can hear them.

Electricity

- Considering how electricity works.
- Learning about how we can stay safe around electricity.
- Setting up and testing some series circuits.

Art

Completing our unit: Reproducing Texture

Our next topic will be: Drawing and Tone. Using knowledge of line, shape and tone to observe and draw still life.

Geography

Rivers

- Looking at the formation of rivers.
- Using atlases to find rivers in this country and the rest of the world.

History

Local history

Studying our local area of Manchester to find out how people lived in the Victorian time and throughout the Industrial Revolution.

French

French stories and learning vocabulary about the classroom.

PE

- Mindfulness (indoor on Wednesdays)
- Tennis (outdoor on Thursdays)

Music

Glockenspiels

Playing the glockenspiel and reading musical notation.

RE

Why is Jesus inspiring to some people? Looking at Christian celebrations and why they are celebrated.

DT

Pencil Cases

- Sewing two pieces of material together using running stitch.
- Designing and creating pencil cases.

Computing

- Explore coding.
- Filming using augmented reality.

Bits and Bobs:

- Remember to check our website for weekly routines. (NB outdoor and indoor PE swap for the beginning of Spring.)

Spellings 10 spellings will be sent home on Tuesdays ready for a test the following week.

Times tables See our class webpage for important information regarding times tables in Y4.

Home Learning Do remember to access *Times Tables Rockstars* and *Spelling Shed* regularly throughout the week.
