Please read with your child AT LEAST 3 times weekly.

Please include questions to improve their comprehension – use the weekly reading focus to support you in asking children relevant questions and helping you to write constructive comments.

Encourage your child to ask when they come across unfamiliar vocab and get them to practise reading and saying it out loud – on its own and in the sentence.

Don't underestimate the power of reading to your child.

Ensure they have a rich reading diet.

Reading a book or key passages more than once is extremely beneficial.
