

In our **physical education** lessons, we will focus on health-related fitness and dodgeball.

As **mathematicians**, we will cover:

- fractions
- decimals and percentages
- ratio and proportion

As **musicians**, we will:

produce our own sound design for a short film using a range of instruments and found sounds

As **artists**, we will:

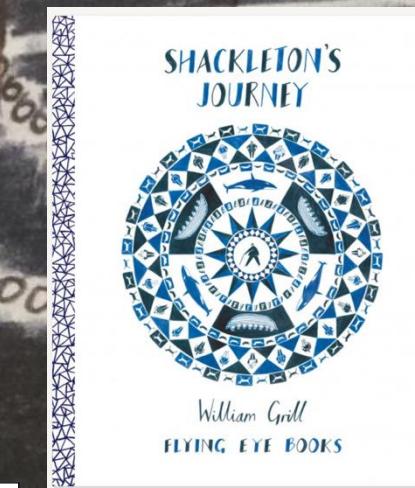

- use art to explore global issues.

As **geographers and historians**, we will:

- explore changes in polar exploration from the early 20th Century to today and the motivations for why people visit Antarctica, as well as this continent's unique frozen environment.

As **theologians**, we will explore the question:

- How does having faith affect people's lives?

In our **computing** lessons, we will explore:

- text adventures

As **readers**, we will:

- draw inferences
- evaluate authors' language choice
- make comparisons within and across books

As **scientists**, we will learn about:

- electricity

SETTING SAIL

As **writers**, inspired by Shackleton's Journey by William Grill, we will write:

- an entry for Shackleton's journal giving a narrative account of a significant event.

As **linguists**, we will:

- develop the knowledge and skills to say the date and when their birthday is in Spanish.
