

Spotlight on Year 5

This half term, Year 5 have started their exciting new science topic – Space! The children began by exploring our solar system, learning all about the planets that orbit our Sun. They worked hard to identify and order the planets, discovering fascinating facts about each one's size, colour, and special features.

To help remember the planet order, the class learnt a fun mnemonic – and it really helped everyone become solar system experts!

To finish off their first lesson, Year 5 put their creativity to the test with an arty activity. Using coloured pastels on black card, they created beautiful drawings of the planets and the starry night sky. The results were out of this world!

We can't wait to see where our space adventures take us next!

Whole School Attendance
3rd to 7th October 2025

What's on Next Week:

Monday 17th November

Year 3 First Forgiveness

Children Only - During the school day

Year 1 - DT Workshop

Tuesday 18th November

Year 1 and 2 Class Mass

9.30am in Church - Parents welcome

Year 3 - DT Workshop

Friday 21st November

Year 1 DT Workshop

Children in Need:

Our non uniform day for Children in Need has raised £272.38. Thank you to everyone who took part and contributed to this worthy cause. Your donation will help children and young people in the UK who are struggling with things such as poverty, mental health, disability and family challenges.

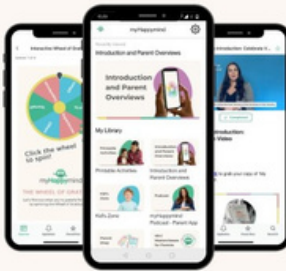

Thank you.
