

Spotlight on F1

This term has been a busy and exciting one for our class as we explored the theme "People Who Help Us." The children have been learning about the many different people in our community who help keep us safe and healthy. We talked about who these helpers are, how they support us, and even how we can contact them in an emergency. The children were particularly interested in discussing the different types of emergencies and what we should do if we ever need help.

Alongside this, we have been learning about how to keep ourselves safe when we are out and about in our community. The children shared lots of thoughtful ideas and were very keen to demonstrate their growing understanding—future safety experts in the making!

We also spent time exploring our school church, discovering different objects and learning their names. The children were fascinated by what they saw and asked some wonderful questions. We were especially lucky to welcome Fr Michael, our parish priest, who came to meet the children and talk to us about the church. It was a lovely opportunity for the children to make that connection with our parish community.

Our weekly Stay and Play sessions have also been a great success. It has been wonderful to see parents and carers joining us in the classroom and sharing in the children's learning. We look forward to welcoming even more families to these sessions in the coming weeks.

Thank you, for your continued support. It has been a fantastic term full of curiosity, learning, and plenty of smiles.

PLACED

On Friday 27th February our Year 5 children had the opportunity to have their say on what they would like Price Street to look like in the future. The children really enjoyed the workshop and had some great ideas. The following is a link to a consultation page for parents:
