

### Spotlight on Year 1

As part of British Science Week, the Y1 children explored how birds behave in the spring and discovered the different materials they use to build their nests. They enjoyed collecting natural materials outdoors before creating their own mini nests. It was a fun, hands-on activity that brought their learning to life!

In English, we have been exploring story settings. The children brought their ideas to life by decorating shoeboxes to represent the ocean and shore. They then added labels using adjectives to support and enrich their writing.

As we approach Easter, the children have begun to learn about Jesus' special journey. They enjoyed role-playing Jesus riding into Jerusalem on a donkey and, yesterday, shared the Last Supper—tasting bread and drinking "wine" (blackcurrant juice!). We are looking forward to continuing our celebrations during our Easter assemblies in Holy Week.
