

### Spotlight on Year 2

Year 2 have been having a fantastic time in their DT project all about wheels and axles. They began by exploring different types of vehicles and discussing their purposes, which helped inspire their own creative ideas. Along the way, the children have been learning new vocabulary such as chassis, axle and bearing, and have enjoyed using these words when talking about their designs. They carefully planned and created their own vehicles, thinking about how they would move. The workshop with Steph O'Donnell from Primary D&T was a real highlight and this week they loved painting and decorating their finished models. The children are now excited to test them on a ramp and evaluate their success.

This week, Year 2 have also been practising for our Palm Sunday assembly alongside the children in F2 and Year 1. On Monday the whole school will come together and join in with their celebration.
