Spotlight on Year 2

Year 2 Discover the Printing Press!

Year 2 have been learning all about William Caxton and the printing press! We have been exploring different forms of print and lettering and thinking about how books were made before modern printing.

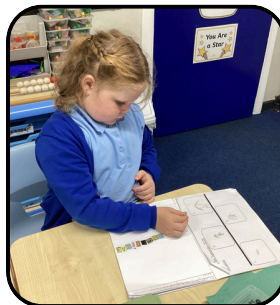

The children then became printers themselves! They created their own names by cutting out different letters from newspapers and magazines before using ink and stamps to print their designs. They had a fantastic time getting creative and experimenting with different letters and printing techniques!

Year 2 are already excited to find out more about William Caxton and how his invention helped to change the world of books in the coming weeks.
