Spotlight on Year 5

Year 5 have made a fantastic start to the new school year! The children have settled in really well this half term and have been working hard to follow our school rules of being Ready, Respectful and Safe. It has been wonderful to see them growing in confidence, showing kindness to one another and embracing the challenges of Year 5.

Blast off with Microbits!

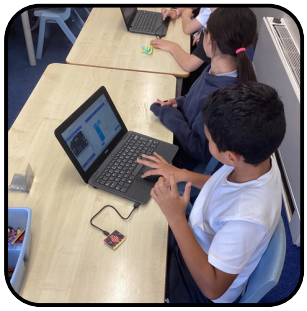

One of the highlights this half term was taking part in an exciting Microbits coding workshop. The children put their coding knowledge and problem-solving skills to the test as they used Microbits to create their very own space robots! They enjoyed experimenting with technology, developing their computational thinking and seeing their coding come to life.

We are incredibly proud of the positive attitude Year 5 have shown this half term and look forward to seeing all the fantastic things they will achieve next!
