Drawing Club!

- ▶ Is an approach created by Greg Bottrill that immerses children in storytelling through drawing, aiming to boost imagination, language development and fine motor skills.
- ▶ Using a variety of picture books, tales and animations, children are encouraged to draw characters, settings and events from the story and then add their own creative “magic” to their drawings using symbols, letters or numbers.
- ▶ The process fosters a love of reading and writing by making stories come alive through imaginative play and creative mark-making.
