Finding our Way

This week I've been struck by how many of the classes have been working on understanding and communicating information. Firstly, Year 2 were out in the local area following a map to see what there is in Aughton and how different spaces are being used. Then Year 4 were out in the school grounds doing orienteering and finding points on a map. Year 5 and 6 have been coding in the IT lessons making variables and programmes that can capture and display information. Finally, EYFS have been warning us all that Evil Pea is about and making traps to capture him and save the veggies from his evil plans. Thanks to all the staff for making the learning so interactive and enjoyable and thank you to the children for being so creative and engaged in their learning. Have a great weekend.
