

Aughton St Michael's Vision Roadmap

Encourage, Guide, Support, Celebrate

Recognising the individual talents that God has given us.

Governors and Head set a clear strategic vision, built on Christian foundation, and are effective in long-term planning

Ethical implications are considered for the policies in place, including wellbeing.

Governor's set and monitor challenging, measurable targets for key aspects of the school.

School leaders have a clear focus to promote the best learning for our children, effectively ensuring development and succession planning.

Leaders live out the school vision to ensure all children recognise their own talents and that all stakeholders are able to flourish.

Inclusion ensures all children thrive and are able to discover their talents.

Children marvel at God's creation and are able to develop a sense of stewardship

Pupils develop emotional literacy and resilience, in a safe supportive school environment.

We live out and promote a deeply Christian vision.

Courageous advocacy is a long-term legacy, ensuring we develop our community to serve the common good and speak out against injustice

Collective worship is the heart of our school, and has an impact on the life of the school and all its members

Pupils benefit from a wide curriculum offer that helps them identify their own sense of self. They leave our school with a responsibility to look after God's creation and to serve others, as courageous advocates.

Staff are proud to deliver inspirational learning for all pupils. Staff feel supported to achieve and develop, learning together in God's love.

Families feel proud to belong to a loving community, bound in God's love, celebrating the achievement of its young people and feeling part of the St Michael's family.

Flourishing together, flourishing for all at Aughton St. Michael's CE Primary School
