## Sporting Success

Last week, we sent two teams to Carnforth High to compete in a Dodgeball competition. Our Class 4 team won their competition and received gold medals. The Class 3 team came second and were proud to show off their silver medals in assembly. This week, our KS2 athletics team took part in a qualifier for the county competition. They gave it their all and came second. While this meant they did not go through to the finals, they did incredibly well and acted like professional sports stars. Well done to all of our sporty gang.

During the week commencing 2<sup>nd</sup> February, we will be holding a What do you Love? week in school. The aim of this week is to promote oracy - the ability to speak clearly and fluently. This is an important part of development in English and also improves confidence. Next week, the teachers and TAs in school will be speaking in assembly about activities they enjoy at home. The children will then be asked to prepare a short 1 minute talk about something they love to share in class. Further details will be sent home next week and we would appreciate parent's help in preparing their child for their talk. It should be a great week.
