Friday 13: Bring an Easter Egg own clothes day

Monday 23: Science Week

Wednesday 25: Easter Bingo event

Thursday 26: Most improved assembly

Friday 27: Science Week Activity Day

Finish for Easter Holidays

Stone Age Day in Class 4

Class 4 enjoyed a great morning of learning about the Stone Age last week. They examined artefacts, dug for historical finds and created cave art. They also learnt to plait flax and make Stone Age cord and ropes. Great learning to bring the past to life.

FRIDAY 20th MARCH

Team Points this Week

Senset : 918

Hutton : 945

Washington : 730

Crag: 931

Meet Our

SUPERSTARS

Learner Award: Showing Perseverance in my creativity

English: Ava Wilson

Maths: Ava Wyatt

Learner: Ernie Turner

CLASS THREE

English: Amelie Taylor

Maths: Mateo Carling

Learner: Rory Robinson

CLASS TWO

English: Julia Ben

Maths: Oliver Postlethwaite

Learner: Lily Hughes

CLASS FOUR

English: Baylee Jackson

Maths: Paolo Aziz

Learner: Frankie Ashworth

What You Love Hobby Week

This week, the children took part in our 1st What Do You Love? Hobby Week. After taking time to prepare what they wanted to say, they spoke really clearly about their passions. It has been a very successful event, celebrating oracy, resilience and confidence.

Colouring Competition

FRIDAY 6th MARCH

On Friday 6th March, we will be celebrating World Book Day across the day. Everyone can take part in different ways:

- Enter the colouring competition - lucky dip for a book prize
- Dress up as a character from your favourite book
- Bring in your favourite book and share it with someone else
- Take home a **World Book Day voucher** to get a book
- Come to our after-school **Big Book Sale**.

The **Big Book Sale** will take place during the day. The books will be used school stock and will be 50p each. Children can bring up to £1.50 to spend at the sale (three books each). If there are any left, we'll send home a message and they can pop in and buy another after school. If you have any children's books to donate to the sale please bring them into school and ask for Mr Pugh. Thanks!

Amazing Science Project

We had a great Science filled day on Friday 14th March. Everyone who had completed a Science project at home brought them in for a massive show and tell in the hall. We had murmurations of starlings, nerves and skeletons, digestive systems, electric circuits, volcanoes, robotic hands, vehicles and many other amazing efforts. Well done everyone!

The week commencing the 23rd March will be **Science Week in School**. Each year, we take part in lots of science activities and investigations across the school and celebrate the amazing way in which Science impacts our daily lives. Each year, we ask the children to produce an amazing model or poster to bring in and share. **On Friday 27th they join forces with other classes to talk about their work and look at other people's home learning.** It is always an amazing morning. Parents are invited to school in the afternoon to join in with some experiments and to share all of the great work the children have done. We really look forward to seeing you.

Here are some examples of work from Science Week 2025.
