- Friday 17:** Last day of school - leavers assembly

## Gardening Stars

This year, the girls in Year 5 and 6 have been part of a weekly gardening club with Mrs Taylor. They have been taking care of the raised beds in school and this week they have seen the first fruits of their labour. Peas, green beans and even our first three strawberries have appeared. This has been a really worthwhile activity and school would like to thank Mrs Taylor for all of her hard work.

## Volunteers Needed

### Reading, Spelling & Handwriting Support

From September, we are looking for a small number of parent volunteers to support short intervention sessions in reading, spelling and handwriting, particularly for our younger children.

Strong early literacy skills are vital for children's confidence and success across the curriculum. Additional adult support helps us provide more personalised practice and ensures every child has the opportunity to thrive.

Volunteers would listen to children read and support simple spelling and handwriting activities. Full guidance will be provided, and sessions can be flexible during the school day.

This is a rewarding opportunity to make a real difference, gain insight into learning in school, and build positive relationships with our pupils.

If you are interested, please contact the school office. Thank you for your continued support.
