

Week Beginning 23rd February 2026

Welcome back to Class 1 after our half term break. We are all excited to get learning during this coming Spring 2 term.

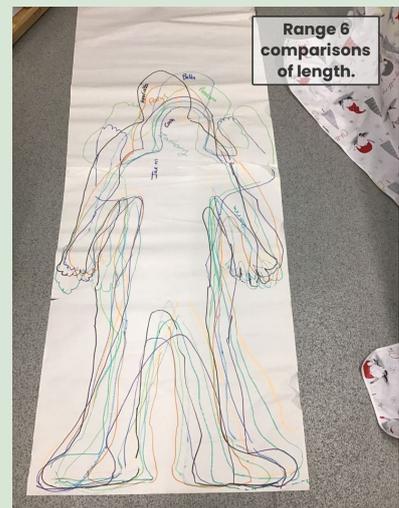

A special 'shout out' to a few pupils. Isabella has enjoyed listening to the 'faraway tree' by Enid Blyton in class, she has bought a copy for herself and is reading it at home! That is awesome dedication to reading Isabella!

A special 'shout out' to Balin and Elka in Year 2 who after completing our guided reading session on Tuesday, went home and independently designed a snake trap linked to our trap. Well done—keep up the hard work!

This week in maths all year groups have been learning about length. The reception children have had a ball throwing bean bags longer and shorter lengths across the playground. We have also drawn around ourselves to see who is taller / shorter. The Ks1 children have also had several length hunts—it was such fun, Mrs Jarvis forgot to take photos.

Week Beginning 23rd February 2026

Reception are doing well at learning to read!

The year 1 and 2 children have had great fun looking at maps this week. They have been learning about Lytham St. Annes and comparing it to Sharneyford.
