

Week Beginning 9th March 2026

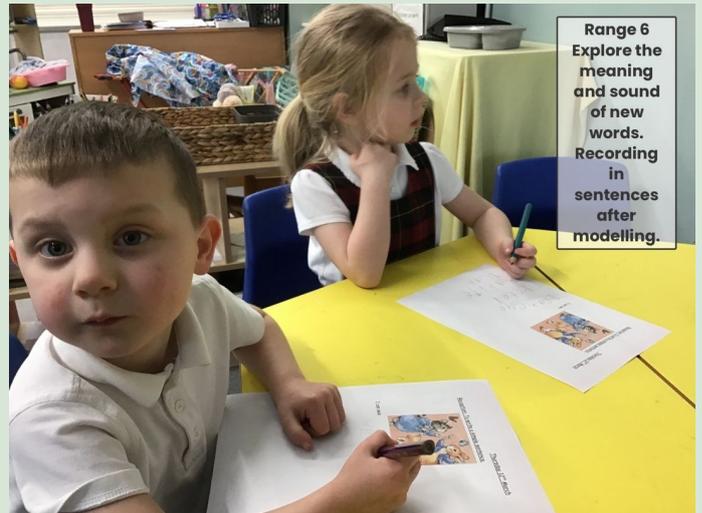

This week we have continued our learning on Lytham St. Annes and comparing it to our local area of Bacup. We have thought about littering and whether it is ok to litter if no-one is

looking. The children have explored the landscape of Lytham and used their amazing sketching skills to draw their own version of the landscape. The children have made such an effort to ensure their sketches

have intricate detail and are life-like. Well done to the Key Stage One children.

Week Beginning 9th March 2026

Reception's fantastic learning this week!
