

Week Beginning: 13th July 2026

We have made it to the end of term and what a term it has been! The children have encountered change and challenges but this has been conquered with smiles and determination. The children and staff based in Class 1 have made me feel really welcome and excited to come into work each day. It isn't easy to move from the juniors to Early Years /Key Stage 1 a third through the year but it has been fantastic getting to know the children, teaching them and going back to my roots in Early Years. I want to thank parents / carers and the whole school community for being so supportive.

Hope you all have an wonderful summer holiday and see you all in September.

Mrs Jarvis

Week Beginning: 13th July 2026

This week we have continued learning about position and direction in maths. We have heavily focussed on knowing the difference between left and right.

In English we have finished our novel 'Aladdin' and completed guides on magic carpets and persuasive posters inviting people to celebrate Aladdin and Jasmine's wedding.

Most of this week the children have been enjoying their last week together, fun transition activities and lots of ice cream!
