

Week Beginning: 7th September 2026

FIRE! FIRE!

This week we have continued to settle into our school routines. The children have learned the expectations of their new year group so quickly, it is hard to believe that school has been open just over a week!

In the middle of the week we had a lovely visit from Bacup Fire Service and some of their officers. The children always look forward to these sessions, but they are especially fun when the children get to act out discovering a fire and how to contact the fire brigade. We have some budding fire fighters in Class 1.

In English the children have been learning all about the nursery rhyme Hickory Dickory Dock and have started to write their own nursery rhyme based on 'Harry the happy mouse' (our book focus). The children have been working hard on finding rhyming strings and applying them to their own nursery rhyme.

In maths we have been learning about place value in Year 1 and 2 and exploring the counting rhyme '5 little speckled frogs' in Reception. All the teaching staff have been impressed with how quickly the Reception children have grasped counting in different contexts.

Reading books— This week our new reading books have been sent home for Years 1 and 2. Your child will also have received a new reading record if they are in these year groups. Please practise your child's reading book as much as you can. The days for changing books are as follows:

Monday—Year 2

Tuesday—Year 1
