

Year 2 Autumn 2

Newsletter

What will we be learning this term?

English

Some texts that we will be looking at this half term are: Maya's Walk, Chasing Rainbows and The Lonely Beast. We will be using these texts as a stimulus for our writing. We will also be performing poems and creating our own poetry.

Mathematics

We will be learning about addition, subtraction and shape. We will be continuing to count in 2s, 5s and 10s, and also learning to count in 3s.

Science

We will be building upon our knowledge of habitats, and learning about how microhabitats provide what minibeasts need to survive.

Geography

We will be locating where we live and recognising features within a local context. We will draw simple maps of the school grounds and carry out an enquiry as to how they could be improved.

R.E

We will be continuing to learn about Judaism.

PSHCE

Celebrating Difference - We will be looking at how we can respect similarities and differences. We will also look at anti-bullying and being unique

Art and Design

Using storybook illustration as a stimulus, we will be developing mark-making to explore a wider range of tools. We will also experiment with creating texture to add detail to drawings.

Music

We will be exploring under the sea through music, movement and chanting.
