### ***'Love God, Love Learning, Love One Another.' Matt 22:36-39***

At Elworth we embrace The Church of England's vision for education which is 'Deeply Christian, Serving the Common Good.' When Jesus was asked which was the greatest commandment, he responded with '*Love the Lord your God with all your heart, all your soul and all your mind*' and '*Love your neighbour as yourself*' (Matt 22:36-39). These timeless words are at the heart of our vision, nurturing our community and shaping the ethos of our flourishing school.

### **School's theologically rooted Christian mission**

At Elworth we create a stimulating and caring environment, grounded in Christian belief and practice, so that all members of our school community can flourish. We therefore aim to provide an education that provides pupils with opportunities to explore and develop their own values and beliefs, spiritual awareness, high standards of personal behaviour, a positive caring attitude towards other people, an understanding of their social and cultural traditions and an appreciation of diversity within modern Britain. We maintain that learning should be a rewarding experience for everyone; it should be enjoyable. Through our teaching we equip children with the skills, knowledge and understanding necessary to be able to make informed choices about the important things in their lives. Our six Christian values underpin all that we teach : Courage, Community, Perseverance, Generosity, Compassion, Friendship. Our school rules are: To be Ready, To be Responsible and To be Respectful. These are embedded in each child's mind so that they are fully prepared for living each day successfully. We aspire that all our children are a blessing beyond the school walls, beyond their families, beyond their local community, as global citizens. To achieve this the children and adults at Elworth embark on an exciting and adventurous journey together joining in with God's redemptive work in our lives and throughout the world and learn to be advocates for change.

### **Statement of intent**

#### **The Importance of Religious Education**

To a Church school, religious education and collective worship should be seen as part of an integrated experience, with collective worship acting as an expression of what is taught in many RE lessons. Pupils gain a religious education in its fullest sense in a Church school through good, well- planned and well-organized collective worship, through the example of Christian teachers, and through the quality of RE teaching.

The Way Ahead, para 4.14

Religious Education provokes challenging questions about the ultimate meaning and purpose of life, beliefs about God, the self and the nature of reality, issues of right and wrong and what it means to be human.

Religious Education encourages pupils to learn from different religions, beliefs, values and traditions while exploring their own beliefs and questions of meaning.

(Religious Education the non-statutory national framework)

Religious Education makes a distinctive contribution to pupils' learning by enabling them to reflect upon themselves as whole people, experiencing life through the body, the mind and the spirit. The purpose of Religious Education is to help pupils understand the significance of religion and its contribution to their spiritual, moral, social and cultural development.

(Cheshire Agreed Syllabus )

**The spiritual and moral development of our children underpins all aspects of our school life.**

Religious education and collective worship shall be in accordance with the principles and practice of the Church of England and according to the religious education syllabus and guidelines of the Chester Diocesan Board of Education and Cheshire East Agreed syllabus supplemented with the Blackburn Diocese Agreed Syllabus

Following the Diocese of Chester Guidelines for Religious Education, the majority of work in Religious Education will be based on the Christian faith with the introduction of one other major world religion – Judaism – at Key Stage 1 and then the study of Judaism, Hinduism and Islam at Key Stage 2.

**Implementation**

The purpose of teaching Religious Education in school is to:

- To show children that Christianity is about following the living God, Father, Son and Holy Spirit and is relevant to their daily lives.
- To extend children's ability to reflect upon themselves as whole people, experiencing life through body, mind and spirit.
- To help pupils understand the significance of religion and its contribution to their spiritual, moral, social and cultural development.
- To provide a course of Religious Education within the framework of the *Diocese of Chester Religious Education Guidelines* and Cheshire East Agreed Syllabus, appropriate to the educational needs of the children in our school, at their different stages of development.
- To contribute to the spiritual, social and moral development of the school as a caring community and the pupils as individuals.
- To assist and encourage experience of Christian life and worship.
- Through study of major world religions to encourage and understand and appreciate the rich diversity of religious belief and practice in society today.

We aim to encourage children in our school

- To grow in awareness of others through learning activities involving sharing and co-operation and to develop trust and respect for others.
- To formulate their own sense of purpose in life and to embark upon a personal search for a faith by which to live.
- To learn something from the religious experiences of others.
- To develop their own beliefs, values and ideals in the light of their experiences
- To develop respect for other people, their beliefs and life-styles
- To develop an enquiring attitude towards religion and to explore activities of prayer and worship.

- In the Early Years Foundation Stage, RE is taught through Understanding the World, People and Communities and Christian Festivals and other cultures are celebrated discreetly.
- In Key Stage 1 it may be more appropriate to integrate some areas of the Religious Study programme into a general topic with a thematic approach.
- Religious Education in school is organized using a whole school overview or plan. This lays out which units, or themes, should be studied by each year group. The Cheshire Scheme of Work and QCA are referred to.

Whatever possible all children will learn from primary source materials as well as through the use of outside speakers with relevant experience and audio-visual aids. Visits to places of worship also support the work of Religious Education in school.
