| HISTORY              | <b>We Shall Never Surrender – World War II</b><br>Significant turning point in British History and aspect of local history linked to childhood. Focused around life as a child during the war. How did the war start and key aspects of life involving, rationing, evacuation and rules and regulations brought in to keep children safe at this time.                                                                                                                                                                                                  |                                              | <b>A Ship Called Hope – Lancashire Slave Trade</b><br>Children to learn about Lancashire's involvement during the slave trade: the conditions of the enslaved people through artefacts and sources referring to The Zong and Hope. They will make claims and use contrasting views to make historical conclusions.                                                                                                                                                                                            |                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                 |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                      | <b>The Golden Age – Early Islamic civilisation AD900</b><br>Children learn about a non- European society that provides contrasts with British history eg the early Islamic civilisation in Baghdad around AD900 commonly known as Islamic Golden Age and why this was a golden era compared to the dark ages in Europe.                                                                               |
| GEOGRAPHY            |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                              | <b>The World Around us - Research world's countries and key features</b><br>Children to know the BRIC(s) countries in the world and their significance. Understand and place the human and physical geographical features within these countries (BRIC) and around the world. Be able to place countries in different climate zones and understand the reasons why.                                                                                                                                           |                                                                                                       |                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                                         |                                 | <b>Our Changing World – Natural sources of energy and climate change</b><br>Children to know the importance of renewable energy based around country's fossil fuels and carbon emissions. Children to know the types of renewable energy and how these will impact the world, considering climate change.                                                                                                                                                                                                                                            | <b>Out in the Wild - The Lake District</b><br>Children study the human and physical geography of the Lake District comparing with other places studied previously. They consider elements such as tourism, transport, settlements, land use and change over time. Through use of maps, images and other sources of geographical information. They develop ordnance survey and digital mapping skills. |
| SCIENCE              | <b>Light and Astronomy – How Light Travels</b><br>Pupils should be taught to:<br><ul style="list-style-type: none"> <li>Recognise that light appears to travel in straight lines.</li> <li>Use the idea that light travels in straight lines to explain that objects are seen because they give out or reflect light into the eye.</li> <li>Explain that we see things because the light that travels from light sources to our eyes or from light sources to objects and then to our eyes (and represent this in simple diagrammatic form).</li> </ul> |                                              | <b>Electricity</b><br>Pupils should be taught to:<br><ul style="list-style-type: none"> <li>Associate the brightness of a lamp or the volume of a buzzer with the number and voltage of cells used in the circuit.</li> <li>Compare and give reasons for variations in how components function, including the brightness of bulbs, the loudness of buzzers and the on/off position of switches.</li> <li>Use recognised symbols (at least: cells, wires, switches, bulbs, buzzers and motors) when</li> </ul> |                                                                                                       | <b>Animals/Health – Exercise, Health and The Circulatory</b><br>Pupils should be taught to:<br><ul style="list-style-type: none"> <li>Identify and name the main parts of the human circulatory system, and describe the functions of the heart, blood vessels and blood.</li> <li>Recognise the impact of diet, exercise, drugs and lifestyle on the way their bodies function (in the long term and short term).</li> <li>Describe the ways in which nutrients and water are transported within animals, including humans.</li> </ul> |                                 | <b>Living Things and their Habitats – Evolution and Inheritance</b><br>Pupils should be taught to:<br><ul style="list-style-type: none"> <li>Recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago.</li> <li>Recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents.</li> <li>Identify how animals and plants are adapted to suit their environment in</li> </ul> | <b>Living Things and their Habitats – Classification</b><br>Pupils should be taught to:<br><ul style="list-style-type: none"> <li>Describe how living things are classified into broad groups according to common observable characteristics and based on similarities and differences, including micro-organisms, plants and animals.</li> </ul>                                                     |

# AUGHTON CHRIST CHURCH CURRICULUM MAP YEAR: 6
